

MCA presents Hill with Safety Award

The Hill Group was recently recognized by the local Mechanical Contractors Association (MCA Chicago) for having the best safety record for 2011 in the 250,000-500,000 hour category. According to MCA Senior Vice President Dan Bulley, this is the ninth year the association has presented the safety awards which acknowledge members with the lowest safety incident rate in six different categories.

MCA Chicago is a professional association representing mechanical construction contractors. Members include more than 400 union mechanical contracting firms that employ nearly 8,000 Local Union 597 pipe fitters in the Chicago area.
